

World Congress for People Who Stutter 2022

Application for Scholarship

ISA scholarships are open to international visitors to this conference and must be made by 15 July 2022.

Financial assistance will only cover fees for registration and accommodation. All other expenses including flights, gala dinner, transport and other recreational activities will need to be organized directly by you at your own expense. Funds will not be exchanged for alternative accommodations. Meals for breakfast, lunch and dinner on Friday and Saturday during the congress are included as part of the accommodation and congress fees.

To support your application for scholarship funding, on a separate page you will:

- 1) Explain why you wish to attend the congress and why you request financial support.
- 2) In advance of the conference, produce a video up to 5 minutes in length (loaded to YouTube) talking about how you interact with your local stuttering community and how you intend to communicate the information you learn during the congress (if you do not have the resources to produce a video then provide the information in written form, not more than 500 words) – note that your application must include this, and
- 3) After the congress, provide a written article (with photos). This will be published in One Voice, the magazine of the ISA, to share what you learnt, how it will help your local stuttering community and how you will communicate your learnings with others in your country.

First Name:

Last Name:

Address:

Country:

Telephone:

Email address:

Please include country code

Are you a person who stutters? Yes No

Have you received an ISA scholarship before? Yes _____ No

specify year

What is the name of the stuttering association you are you affiliated with
